Well, following many iterations of job families and sub-families, it does not necessarily match up perfectly with working with this new company to provide employee assistance.

Rest assured that it is possible for Mercer to pull data from various institutions.

In the past, we have reviewed recruitment efforts; job titles; business sectors and other related information.

342-1183. Professional Development Office at

Employment to gather data associated with recruiting and hiring student employees.

Employers must create a profile and then create the job opening specifically for the position.

The employment relationship with a student employee may end for a number of reasons.

The form may be completed electronically and emailed to

Why is this important? Positions that remain active continue to appear within the top banner:

for the previous month.

will have both the top average year to date totals and the top average totals for the previous week. The rankings report for the Million Steps Challenge within the portal! This report shows which state employers and UW institutions have the highest average well as relevant forms for the previous month.
