Getting Started: How to pair your Canvas LMS with Connect using Deep Integration

This guide will assist you with pairing your Canvas learning management system with Connect using deep integration. By pairing your Canvas account and course with Connect you will be able to establish a single sign-on experience for your students and utilize grade sync. In order to complete this process you will need:

- A Canvas username and password (instructor)
- A Canvas course (that you are enrolled in as an instructor)
- A Connect account (if you already have one, if not you will create one)

Step 1: Log into Canvas (as an instructor)

Step 2: Under Courses, locate and enter Canvas course
Step 3: On Canvas course home page, locate and click on the Connect deep integration link (via course navigation menu).

![Canvas course home page](image)

Step 4: Click on Authorize (prompted upon first launch)

![Authorize prompt](image)
Step 5: Click on Begin

Step 6: Click Continue
Step 7: If a new Connect user, click on Register for a Connect account

*If an existing Connect user, enter your Connect email address (username) and password; click Sign In.

Step 8: Enter all required information, accept the Terms of Use; click Finish
**Step 9:** If creating a **new** Connect course, locate and select a Connect course (title)

*If an **existing** Connect user with an existing Connect course, locate and select existing course in order to conclude the course pairing process.

**Step 10:** Enter course and section name; then, click on Create Course
Step 11: Your Canvas-Connect course has been paired. Once you receive pairing confirmation, click **go to section home page** in order to begin using Connect

*If pairing an existing Connect course/section, you will receive a similar confirmation message.*
